

# Instructions for Visitors

## Parking & Building Entrance During Construction

### Important Notice for Second Harvest Visitors

Second Harvest is currently replacing and upgrading our roof, and our neighbor is beginning their construction. As a result, the northwest side of our building **including our lobby will be closed and parking availability will be reduced. Visitors must be escorted into the building by a Second Harvest team member.**

#### **Parking:**

As you pull into our driveway from Marine Way, please park in any of the parking spots on the left noted in GREEN in the map above.

#### **Building Entrance:**

Once parked, please proceed to the Second Harvest pop-up tent, marked with a YELLOW "X" on the map. Please watch for truck traffic. Call the Second Harvest team member with whom you are meeting. Or dial our main phone number (949-653-2900) and press 0 to speak with the receptionist. The team member will meet you at the tent and escort you into the building.

We apologize for the inconvenience as we upgrade our facilities to better serve our Orange County neighbors in need.
