FRESH FROM HARVEST SOLUTIONS FARM

Over 58,000 lbs were harvested in November! You also helped with the first harvest of our winter crops: broccoli, cabbage and cauliflower. In the winter months, the farm plants an acre every week to ensure there is an acre to harvest each week as the season progresses. Your dedication is changing lives and making a real difference. We'll leave you with the JOKE OF THE MONTH: Why did the cabbage win the race? ... Because it was a-head!

A NOTE FROM PROGRAMS & SERVICES

Second Harvest's Programs & Services team needs your help with DATA ENTRY and TRANSLATION (Spanish, Vietnamese, Korean, Arabic, and Chines-Mandarin).

The Data Entry Volunteer will be working here at the Second Harvest Marine Way location, and the Translation Volunteer(s) will be remote.

If you're interested in either or both of these volunteer positions, please email isaacv@feedoc.org.
